"A Special Person"

Some one very special to me is Cheryl Saks. She is my piano teacher. She teaches piano and singing. She is a nice and friendly person. She has a daughter named Sarah-Anne and two dogs. She has been my piano teacher for about 1 year. She has improved my piano skills so much. She helped me in N.Y.S.S.M.A(New York State School Music Assessment)and I got a 28 which is the highest you can get. Cheryl has fantastic piano skills and also singing. Cheryl has taught many other students and all have improved because of Cheryl's dedication. I think she is an awesome teacher. Cheryl has made a huge difference in my life. Of all the piano teachers I've ever met she's the one I won't forget. Cheryl is a very cool teacher and makes me look forward to the next weeks lesson. I like having Cheryl as my piano teacher!

That is some of the reasons why Cheryl is so special to me.
