To Whom It May Concern:

It gives me immense pleasure in recommending Cheryl Saks as a voice/piano teacher. Cheryl has been instructing my daughter, Alysha, in voice for a little over a year. She came highly recommended to me, by several of her students and parents.

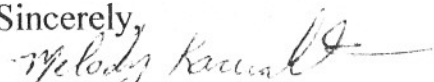

My daughter went to Cheryl with a beautiful voice, but lacking the ability to control it. Having, no prior musical experience, she lacked the technical aspect of music as well. Cheryl not only taught her to control and support her voice, but also note recognition, and keys.

Alysha first became aware of Cheryl's abilities when she was fortunate enough to catch one of her performances with her students at Borders. Cheryl also has CD's out featuring some of her students in the recording.

Having such a fun and educational experience with Cheryl as a teacher, lead us to follow her out to Wading River. This poses a 30 minute drive for us but is well worth the rewards it reaps.

In conclusion, Cheryl is not only a gifted teacher, but she incorporates fun into it with recitals and other performances. I would highly recommend her for voice or piano lessons.

Sincerely,

Melody Karuschkat
